

Chair & Convener Bibliography

Vijayan Sugumaran is Distinguished Professor of Management Information Systems and Chair of the Department of Decision and Information Sciences at Oakland University, Rochester, Michigan, USA. He is also the Co-Director of the Center for Data Science and Big Data Analytics at Oakland University. He received his Ph.D. in Information Technology from George Mason University, Fairfax, Virginia, USA. His research interests are in the areas of Big Data Management and Analytics, Ontologies and Semantic Web, Intelligent Agent and Multi-Agent Systems. He has published over 275 peer-reviewed articles in Journals, Conferences, and Books. He has edited twenty books and serves on the Editorial Board of eight journals. He has published in top-tier journals such as Information Systems Research, ACM Transactions on Database Systems, Communications of the ACM, IEEE Transactions on Big Data, IEEE Transactions on Engineering Management, IEEE Transactions on

Education, IEEE Transactions on Cybernetics, IEEE Multimedia, and IEEE Software. Dr. Sugumaran is the editor-in-chief of the International Journal of Intelligent Information Technologies. He is the Chair of the Intelligent Agent and Multi-Agent Systems mini-track for Americas Conference on Information Systems (AMCIS 1999-2022). Dr. Sugumaran has served as the Program Chair for the 14th Workshop on E-Business (WeB2015), the International Conference on Applications of Natural Language to Information Systems (NLDB 2008, NLDB 2013, NLDB 2016, and NLDB 2019), 29th Australasian Conference on Information Systems (ACIS 2018), 14th Annual Conference of Midwest Association for Information Systems (MWAIS 2019), 5th IEEE International Conference on Big Data Service and Applications (BDS 2019), and 2022 Midwest Decision Sciences Institute Annual Conference (MWDSI 2022). He also regularly serves as a program committee member for numerous national and international conferences. He also regularly serves as a program committee member for numerous national and international conferences.

Prof. Dr. S. Jafar Ali Ibrahim has completed his Bachelor of Technology in Information Technology from Syed Ammal Engineering College, Ramanathapuram, affiliated to Anna University, Chennai, Tamilnadu, India, and Master of Technology degree in Computer Systems and Networks from Dr. MGR Educational and Research Institute, Chennai, Tamil Nadu, India and Doctor of Philosophy as a full-time research fellow in Information and Communication Engineering from Anna University, Chennai, Tamilnadu, India. He possesses nearly 7 years of Industrial experience, both administrative and technical perception in the field of IT Security, Bio-Metric Deployment, IT Administration, Network Security, Web Services and Security, Service Oriented Architecture environment, etc. Also, he Possesses 5 years of Research and Teaching Experience in the area of Health Care Applications, Genetic Data Analysis, Computational and Machine Intelligence, and IoT-enabled recommender

systems. He has presented his paper at many reputed international conferences and published many papers in reputed journals. His research interest includes Cloud Computing, Clinical Research, Medical Informatics, the Internet of Things, Intelligent Systems development, Machine Learning, Ontology Development, Big Data, and Data mining. He published nearly 17 Indian Patents and holds one Australian Patent Granted. He serves as a reviewer, editorial board member, technical committee member, and advisor in many International Conferences and Journals. He acts as a consultant in some of the IT industries from Malaysia and the UK. Also, He is a reviewer of some reputed international Journals and ACM Conferences. He is one of the lifetime member of various reputed and autonomous technical bodies from different countries. He visited countries like Japan, Hong Kong, Malaysia, Singapore, Sri Lanka, and Gulf countries for his research activities. Presently, he is working as an Associate Professor of Information Technology Department and Head of Industry and Collaborations at QIS College of Engineering and Technology and also serves as the Director of QIS Degree and PG College under the QIS Group of Educational Institutions sponsored by Sri Nidamanuri Educational Society and also the Society Officer of Sri Nidamanuri Educational Society, Ongole, Andhra Pradesh, India.

Prof. Dr. R. Suneetha Rani is a Professor in IT at QIS College of Engineering & Technology, Ongole, and Andhra Pradesh, India. She has more than 18 years of experience in Teaching, Research, and Industry. Her research interests include Machine Learning, Artificial Intelligence, Data Mining, and Deep Learning. He published many research articles in reputed journals and conference proceedings. Presently she holds the Head of the Department of Information Technology at QIS College of Engineering and Technology, Ongole, AP, India.

Proceedings of the International Conference on Information Processing and Computing – 2022 (ICIPC – 2022)

Proceedings of the International Conference on Information Processing and Computing 2022

(ICIPC – 2022)

Prof. Dr. Vijayan Sugumaran, Chair
Prof. Dr. S. Jafar Ali Ibrahim, Co-Chair and Treasurer
Prof. Dr. R. Suneetha Rani Convener

Organized by Department of Information Technology
QIS College of Engineering & Technology, Ongole - 523272, Andhra Pradesh, India
