

**INNOVATIONS IN BIOCHEMICAL  
AND FOOD TECHNOLOGY**  
IBCFT - 2019

**EDITORS:**  
Dr. SIVARAJASEKAR N  
Dr. RAM K

**ABOUT THE AUTHORS:**

Dr. Sivarajasekar Natesan is an Assistant Professor at the Department of Biotechnology, Kumaraguru College of Technology. He received his Ph.D in Chemical Engineering from Anna University under the guidance of Dr. R Baskar. His research interest is environmental engineering and food processing. He has 31 publications and is a life member of various professional societies. He has over 12 years of teaching and research experience

Dr. Ram Kothandon is an Assistant Professor at the Department of Biotechnology, Kumaraguru College of Technology. He received his Ph.D. in computational Biology from BITS-Pilani under the guidance of Dr. Sumit Biswas. His research interest is non-coding RNAs and Machine learning approach for biological problems. He has 11 publications along with 5 years of teaching experience and 4.7 years of research experience. He also have hands on experience in handling a large volume of protein and nucleotide sequence.
