

The Electronics and Communication Engineering was established in the year 2003, at Punjabi University, Patiala. The courses of Bachelor and Master of Technology course in Electronics and Communication Engineering and Bachelor of Electronics and Computer engineering are run by the department successfully. Presently, there are 32 faculty members who are actively involved in research work in his/her respective fields of specialization along with well-trained technical and non-technical staff to assist them. All ECE concerned Labs are well equipped with latest equipment and software. To assist the students of M.Tech. and Ph.D. in the field of research, a Research Lab with number of software's and hardware equipment. More details are provided on webpage of the department: <http://punjabiuniversity.ac.in/pbiuniweb/pages/departments/newece.html>, <http://ecedpup.ac.in> hosted on the university website. The department is associated with other professional technical associations and societies namely IETE and IEEE with an aim for 100% employability and campus placement for all eligible candidates. As per the past placement record, the department candidates had a good contribution/share in each year of campus placement drive. Our vision is to become the best Teaching and Research department of the region in the field of Electronics and Communication Engineering. Our mission is to establish the department as the Centre of Excellence in its domain.
